

**Dick Lane**—Dick came to us last fall from !?;xkj<sup>3</sup> Regina. We find we all like Dick so well that we forgive him for coming from that !?;xkj<sup>3</sup> place.

**Yvonne Harman**—Quiet but friendly, Yvonne adds that extra bit to all our classes. She is said to have made a name for herself with her good bowling.

**Bruce Leckie**—An occasional visitor to these "Hallowed Halls" is our Bruce. He hopes to see eye to eye with his profs at "U" in Optometry.

**Kitty Koett**—Listen in tomorrow and see what Kitty has the "Shadow" doing. Kitty's fantastic imagination will some day come in handy for she is going to be a Journalist.

**Chris Ludwig**—Though she's small and apparently quiet, Mickey really is a riot!  
Keep the smile Chris and we'll all be happy.

**Hugh MacKenzie**—Here lies an original "A" student. Hugh finds himself literally overcome by French. Our hopes are with Hughy, where'er your path may go.

**Mary-Marjorie MacKenzie**—Mary is nursing bound,  
She says it's do or die;  
To me this logic sounds,  
We hope it's not a lie.

**Keith Scott**—An ardent bowler, though I've heard that lately the clarinet has been stealing his time. Not like the rest of the rash crowd, Scotty reserves judgment on what he's going to do.

**Pat Stow**—She says her ambition is to be a Mountie. Could it be she wants to live up to this motto? Pat's happy smile and cheery word help us on our weary way.

**Gordon Skogland**—"Did you ever hear about the time . . ."  
—Skogland he was known as.  
Bright as Squeek may appear,  
He still  
Intends to be an Engineer.

**Robbie Allen**—Robbie's here, Robbie's there;  
It appears to me Robbie's everywhere.  
Robbie also is insistant about being a nurse.

**Jerry Specken**—"Specks" is the one with an ear for news,  
And well he ought, I say,  
As editor of the N.C. Eye  
He's always after prey.

**Leone Wittman**—Leone is a typical Nutana student. She does well in her studies and also does well at bowling. We wish her the best of luck in her nursing career.

**Martin Stratychuk**—Nickname — "Speedy."  
Favorite expression — "That sounds logical."  
"Who will win next year's road race—by a nose?" Speedy, "That sounds logical."

**Ron Turner**—Though he's small Ron excells in the tall man's game of basketball. Curling also holds his interests. We'll all miss his spontaneous wit when he leaves us for the "U".

**Wayne Paulson**—Though you usually just listen to take the attendance, you have to look to see if Wayne is here. Wayne's new to us but we hope he's here to stay.
