

Mr. Wilson—Our guiding light for two years and hasn't cracked up yet! His witty remarks, jokes and soft spoken manner (?) have helped keep our days at Nutana amusing and gay.

Margaret Thompson—Our capable and much liked Senior Pin. Loves to play basketball and eat. Ambition is to be a fat lady in a circus. Future? What's that?

Hilda Beirsdorfer—A member of the Pauline Club, and an ardent debator, our Hilda has a ready smile and has a habit of bursting into giggles unexpectedly. Her future is undecided as yet.

Garth Beckett—Our brilliant 6 foot 2 Chopin. A bit shy with the girls, wonder why? Oh well, there may be another George Sands to trap our Chopin.

Betty Bell—A blond hurricane who is a rare but very welcome visitor to our class. Always tearing around the halls with a perplexed look on her face. Our capable Athletic Council president. Future??

Dick Carnduff—His favorite saying: "Gee, I'm hungry." Dick plans to enter Medicine next year and slow up the progress which has been made up to this time in that honored profession.

Noreen Campbell—Our capable Hermes editor who intends to be a secretary. Her cute giggle and her consideration for others makes her a popular member of our class.

Leigh Davies—4B's wavy-haired, hazel-eyed Romeo of the Rumpus Room is the poor man's answer to Milton Berle. Intends to go to varsity, possibly to go in for social work.

Frances Clark—4B's glamour girl. Boys like her and visa versa — so? "Franky" thinks she'd like to try a hand at nursing next year.

Gordon Gathercole—We've heard talk of university from "Joker Cap" but now a grade XII diploma seems his prime objective. We know that Gordon will be successful at whatever he tries.

Moyra Eagar—A pleasant girl with a smile for everyone, who likes baseball and hockey games. With her ability and friendliness she should go far in her chosen profession.

Bill Kammermeyer—Shades of Joe Louis. Bill comes to school to kill time—and Syl. A guy with an easy going nature that adds spice and excitement to 4B's days.

Greta Gustauson—A welcome newcomer from Turtleford. An intelligent Miss whose friendly smile has made her very popular. Though her future is undecided she is sure to be a success.

Stan Magwood—The boy with the beautiful big blue eyes that make girls swoon. Thinks Math is the most interesting subject?? A valuable member of 4B and bound to be a success.

Grace Hrytzak—Our orchestra president, active in Pauline and 4B's Hermes Rep. French is Greek to her at all times. She plans to attend varsity next year—What for, Grace??

Darcy Kindrachuk—A talented violinist who finds varsity interesting for various reasons. Intends to be a nurse and serenade her sick patients. We hope she gets good results.
