

4A

MR. CAMPBELL—Although Mr. Campbell has just returned from the Air Force and this is his first year with us, we already like him a lot.

LEN McPHAIL—Len is A School leader; our fleet-footed fullback, who is always smiling. He is well liked in 4A.

ISOBELLE MURRAY—A budding doctor, small, efficient. Specializes in all school work, excluding math. Inherits her father's interest in psychiatry.

BILL KILLAM—Bill has become an integral part of our class. Punning and current events are his pet school pastimes with music and books a close second.

MARY TKACZYK—Another pint-sized member of our class, who loves to write letters and read good books. Good luck in your future work, Mary!

IRVING EPSTEIN—4A wouldn't be the same if it wasn't for Irving's wit and ability to waste time arguing with our teachers. He wants to be a doctor.

MARIAN McKAY—Treasurer of Athletic Council. Her specialties include swimming and dancing. Spends her Saturdays working at the O.K.

GEORGE DROBOT—He's seldom heard from in classes but his presence is appreciated. Good luck in your future undertakings, George!

ANNE HUPON—A newcomer to Nutana from Buchanan. She enjoys reading and dreaming; by her own admission reacts to math as she would to poison ivy.

BOB FRASER—Bob is president of the Dramatic Club and took part in one of the one-act plays this year. He is a member of the Handbook Committee.

BEVERLY TALBOT—Earnest hopes to major in Math. Always seen with her taller half—Frankie.

TED BLEAKLEY—One Bleakley would be just right, but two are better. Teddy likes hockey and skating, and is well liked by all of us.

MARY CHEBERIAK—One of our recent acquisitions; quiet and studious. Mary intends to be a teacher.

JOE COOKE—An ardent basketball player and one of our rugby players. Joe is business manager of the Hermes. His future lies in Math.

ISOBEL DIX—Writups editor for the Hermes and business manager of the Dramatic Club. "Is" likes dancing and collects records as a pastime.

LLOYD SKORETZ—Another quiet but welcome newcomer to our school. He's our Memorial Library representative.

DELIA BOURNE—Has made a good impression on 4A in two years at Nutana. Intentions are headed Varsity way and ambition is chemical research.

GEORGE HAZEN—George left Winnipeg to spend fourth year with us. He is interested in everything and hopes some day to become a doctor.

BETTY WALKER—Capable editor of the Hermes and drama director. She shines in English classes and is talented in securing A's. Always rushing madly about and always willing to help.

JARL FORSBERG—A well liked fellow who, in class, hides his talents by his quietness.
