

**Mr. (Colonel) Walker**

Mr. Walker is close to every heart,  
He valiantly tries to make us smart;  
No finer friend could we find  
Although we nearly drove him out of his mind.

**Bob "Curly" Scrivens**

Our Senior Watch is in our room;  
Many girls over him are said to moon.  
Bob is always everyone's friend,  
A helping hand he's ready to lend.

**Margie "Jane" Smith**

Always happy, always gay,  
Just biding time till graduation day,  
With black hair and green eyes,  
This young lass is man-wise.

**Bob "Pee Wee" Waschuck**

Skipping school is Bob's delight,  
In school work he really does all right;  
Lots of fun and with smart clothes,  
He will be a success everyone knows.

**Jackie "Cuddles" Bowd**

Plans to take a business course at Tech;  
The teachers surely will be a wreck.  
Lots of fun and full of glee,  
A fairer miss you'll never see.

**Nick "Cosy" Kozey**

Nick is new in our room this year,  
Everyne wants to sit next to him or near,  
Because his marks are very high.  
All in all he's a swell guy.

**Marilynn "Ginger" Currie**

Redhaired Marilyn, cute and sweet,  
Entrances all because she is so petite;  
Her future plans are not yet made,  
But we're all sure she'll make the grade.

**William "Willie" Lysay**

We don't hear much from this boy.  
Could it be that he's playing coy?  
He's famous for his many brains,  
And doesn't bother with the dames.

**Faye "Famous" Felstrom**

This girl is as busy as a bee,  
In school and social activities her you will see.  
Happy go lucky with personality plus,  
We hope she'll always be with us.

**Pat "Lover" Walsh**

In school work Pat does very well;  
What he'll do next, one never can tell.  
A boat to Hawaii he would take,  
Or get a wife, his fortune to make.

**Ann "Kim" Gale**

This is a gal with lots of vim,  
She always seems to have her "him."  
At artistic work she is a shark,  
And to our room she adds some spark.

**Ray "Snooks" Wasden**

Ray is always full of fun,  
And always has a ready pun.  
He'll surely be a good business man,  
He's known to have many a fan.

**Donna "Saucers" Fraser**

Exam tomorrow? Well, what do you know,  
That's the day I'm off to a show.  
Laughing and always full of pep,  
This kid is really hep.

**Charles "Chuck" Mayer**

When we think of Chuck we think of a car,  
This will surely help him go far.  
It is rumored that "A" school's leader has brains,  
On the basketball court he reigns.

**Ron "Pinky" Pinkney**

Here today, gone tomorrow,  
And where he goes, no one knows.  
This favorite saying he hath,  
"Dig the crazy mixed up math."

**Lois "Poodles" Jensen**

School work to her is not too impressive  
In other fields she is quite aggressive.  
If she's an angel she'll never tell,  
But she wears her airforce wings quite well.

**Gary "Muscles" Metcalf**

In gymnastic work he does very well;  
Of his laughs many will tell.  
He's President of the Athletic Club,  
Yet no one does he ever snub.
