

**HELEN REMENDA**

The piano accordion this girl plays,  
And Teachers' College is her aim.  
Bright and friendly she is with us;  
And we wish her luck in all she does.

**MR. BENSON**

To lead us this year he came to us,  
He came in a car, not a bus.  
We leave him in June with many a frown,  
And hope that we'll see him around the town.

**GERALDINE REYNOLDS**

Gerry's a gal whom we all like;  
Friendly and smiling, she's just right.  
After Varsity, a nurse she'll be,  
A good one, too, we all agree.

**ERNIE CHILLIAK**

From E school came this quiet lad,  
Always cheerful, never sad.  
To Varsity, he's on his way,  
He'll be there without delay.

**JUDY RETTIE**

Judy's laugh is heard everywhere;  
Just as long as everyone's there.  
Lab Technician, coming up;  
As a scientist she should win a cup.

**HOWARD LANGDON**

This fellow really knows his jazz,  
A happy grin he always has.  
He's easy to know and easy to like;  
We vote for him — not for "Ike."

**ROD PYNE**

A red-haired boy — that's our Rod;  
When we meet he'll say "hi" and nod.  
He isn't sure what he'll be doing,  
But I don't think he's really stewing.

**AVRIL RUSSELL**

An A school student through and through;  
She's in Drama, S.R.C., and Pauline, too.  
A possible Lab Tech, she's Varsity bound,  
Where may nothing but good luck be found.

**LEFTY SCHARF**

Lefty is our right-hand man;  
As president, he rules us when he can.  
His little ear looks like a bug,  
But this guy sure can cut a rug.

**WALTER MOSSMAN**

A violin he plays — this is our Moestro;  
He plays in the Saskatoon Symphony Orchestra.  
He also has many other talents,  
Meeting girls is in a balance.

**MAXINE CARMAN**

In history Maxine's quite a brain,  
But maths to her seem all in vain.  
A teacher she is going to be;  
And she will do well, we all agree.

**JIM FINNIE**

"Finnie" a quiet (?) sort of a guy,  
You hardly know when he's around.  
We don't know what he'll do next year;  
But we think he's hockey bound.

**LEROY COGGER**

A-school leader, Leroy is,  
Chosen for his qualities.  
He's going to be an Engineer;  
He will make good, never fear.

**JUDY JENKIN**

Good at sports and fun to boat;  
With figure trim, she's really cute.  
This girls good at everything;  
All 4A her praises sing.

**RON DOWKER**

Ron is square, he's not a queer,  
He hopes to be tagged an Engineer.  
A friendly guy and liked by all,  
Cause he's got something on the ball.

**ZANE KOTYK**

Zane arrived in our last year,  
And through his smile saved many a tear.  
His blonde hair stands just like a bear;  
Wherever he goes, we'd like to be there.

**LaVERNE LEMKE**

LaVerne is known to like dances,  
Anyone she meets, she entrances.  
She was thinking of going teaching,  
For a very high goal she is reaching.

**RUSSELL DUCH**

He descended on us from Hudson Bay Junction,  
When he's around, there's quite a motion.  
Russ is going to Varsity,  
An Engineer he's decided to be.
