

MR. HIBBERT

Explosions shatter the door,
Chemicals eat through the floor,
Mr. Hibbert endures evermore.
We salute him!

JILL CAILES

This serene blonde takes part in drama and Hi-Y and keeps her marks up high. She says her ambition is to jump off the Broadway bridge.

ART KNECHTEL

Art came to us last year from City Park. During his stay at Nutana he contributed a great deal to our school with his friendly and pleasant personality. Good luck in the R.C.A.F. next year, Art.

SALLY KOZAK

When you don't hear anything, it's usually Sally. This girl with the friendly smile is interested in journalism. Good luck!

BARRY ARPS

"Friends, Romans, countrymen, lend me your math. I come to bury annuities, not to pass them." Barry is our nomination for 4C's best dressed boy. He will enter varsity next year and work toward a degree in chemical engineering. Best of luck, Barry.

JOAN GOODEN

Silence is golden, but gold is the root of all evil. Our sparkling N.N.S. rep. also finds time for senior girls' basketball and interform sports. Joan wants to be a nurse and we wish her success.

SONIA RUZESKY

Another 4C girl with a friendly smile, Sonia is active in interform sports. She is very interested in dancing. Good luck next year, Sonia!

KEN NEUMAN

During his four year "hitch" at Nutana Ken has chalked up an athletic, social and academic record that's hard to beat. Ken is "C" school leader and a member of the Lit Council. He plans to take dentistry next year. We wish him all the best in the future.

DIANE SCOTT

"Scotty's" activities include Hi-Y, volleyball and track. We suspect that her interest in a certain pre-med may be the reason she plans to take nursing at Varsity.

BETTE JO CUMMINGS

Hi-Y, N.N.S., Hermes, Lit Council, drama and interform sports keep her in a whirl. We always find her name on the honor roll. She plans to return to the States for college next year.

GEORGE PIZIURNY

George is 4C's farmer. Active in 4-H work, he is noted for his speech-making ability. George is an active participant in all sports, especially baseball. How about giving the girls a chance? That curly hair, man! George intends to . . . ? Who knows?

SYLVIA JOHNSGAARD

She won't set the world on fire. She'd settle for the collegiate. Sylvia is our interform sports star and plans to enter business college next year. Best of luck, Sylvia!

HELEN WILLMS

A little bird told us that a certain Mr. M. makes her eyes sparkle. Helen participates in interform sports and would like to be a lab. tech.

NEWTON LECKIE

"Lanky Leckie" ambling around our halls is a familiar sight. Newt is active in curling, room basketball and most other sports. His ambitions include a degree in architecture and owning a blue Cadillac.

BEATRICE HOLLIER

She's the girl who faithfully carries the notices to Mr. Dorrett each day. We wonder if Mr. Adams is the reason she likes history and ag. ec. so much. Good luck in the future!

KEN WILSON

Ken is an old grad. of Victoria School. He participates in many sports but is outstanding in track and field. The many records he has set will make his name long remembered at Nutana. "Willy's" plans for the future are indefinite. Maybe we'll find him selling motorcycles to Australian Aborigines.

DENNY HOLBEN

A quiet fellow, not heard from much, but watch him. The old proverb says, "still waters run deep." He does well as Mr. Hibbert's lab assistant. His future is undecided.

MARION CUMMINGS

This gal is allergic to anything but "A's." Geom.-Trig. is her favorite (?) class. Her future is uncertain but we wish her all the luck in the world.
