

THE HERMES
Class 4C

MR. ADAMS
Our Mr. Adams ranks with the best.
4C will miss him as will the rest.
As coach, as teacher, or as friend,
To his virtues, there seems no end.

MARGARET HOLMES
A red-headed lady without a temper,
Doesn't know what to do next September.
Of course, we know, whatever she'll do
Will always be honest, good and true.

IAN MacEWAN
Veteran of 4 combat
Active in hockey,
Baseball and history.
Future — Has he got one?

JUDY BENTLEY

Type "B" Arts at University of Saskatchewan.
Judy will attempt this task.
Then she'll apply what she has learned,
To a profession very well earned.

ELDON EDWARDS.

His quiet manners and pleasant smile will help him to be successful in whatever he tries. He will grace the campus of U. of S. next year.

JUNE SILZER

Appealing to June is the nursing profession.
In this business she'll use her discretion.
But then again by simply looking at her,
The patients will find this their best cure.

ANNE ASHER
Senior pin for '57, '58,
We think our senior pin's been great.
Not sure what path she'll take next year,
We wish her best in her career.

HELEN GEPINGER
Varsity for sure,
That's the aim for her.
To seek the vocation she desires,
And catch the man she admires.

ENID PFEIFER
She hasn't quite decided
Just what she's going to be.
A steno to the President
Or a whiz from Varsity.

LINDA MacLEOD

A delectable Miss,
This School leader of 'C'
Will take Type B arts
At Sask. Varsity.

DON YOUNG

'Darling Don our carefree he,'
Says, "In the U. of S. I shall be.
I'll be a genius you just see,
Unlike the boys of old 4C'.

BARBARA COWIE

Has no idea of what she'll do,
This tall blonde won't miss her cue.
She will find her way all right,
Her smiling, friendly manner is her might.

MAUREEN CONNOLLY
St. Thomas Moore is calling her,
To get her Arts Degree.
As a teacher or in Welfare work,
A great success she'll be.

JOHN MARTIN

His main objective appears to be a Grade XII diploma.
His future remains to be seen.

MARILYN TRELEAVEN

This tall, stately "Lassie"
Will set Varsity
Aim for a 'BA' degree.
And with her ambition she'll certainly succeed.

SHARON NEUMAN

This lucky lady intends to further
Her education in Winnipeg.
All of us wish we could go too
To find out what she's going to do.

MARILYN SOLLID

Next year we'll miss her happy smile,
Her giggle and her chatter.
She'll go far in her career
Choose what she will, no matter.

BILL FRANK

A little man but what a brain.
Gives the teachers a hard time
Because he is so much smarter
than they are. Best of luck at U. of S., Bill.
