

# THE HERMES Class 4E

**MR. GARVIE**

He stood beside us for four long years.  
Through field days, class parties, and often tears.  
And now as his duties as our teacher cease,  
We humbly say, "thanks".  
May he have some peace.

**RON ROSHER.**

This boy wants, but we don't know why.  
To stick long needles into some poor guy.  
He's well informed on girls and cars.  
Our school leader trains rugby stars.

**LUCILLE SCHUSTER**

Lucille's remarks are sometimes bright,  
Filled with laughter and delight.  
Curly hair and ready smile,  
You can hear her voice for a mile.

**BILL MORRIS**

At our star rugby player  
Furtive looks are passed:  
The main trouble is, girls:  
He runs too fast.

**LORNA KERR**

Lorna isn't a studious one,  
But she has a smile for every one.  
A teacher is what she'll be  
She'll take her training at Varsity.

**ELLEN BUCKLEY**

Ellen has Mr. Garvie cutting capers,  
Especially with her Algebra papers.  
It seems to me she's full of ambition.  
Plans to end up as a lab technician.

**JOAN MCKERRACHER**

Joan's undecided about what she'll do,  
In her plans rest a possible two:  
Is it a teacher she will be?  
Or a secretary perched on her boss' knee?

**SAUL VOLANSKY**

Saul, Saul, strong and able,  
Has a brain that's really stable.  
Property of the drama club,  
He hangs out at the local — library.

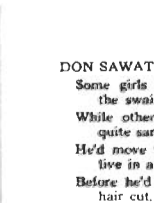

**JOYCE JARL**

Five foot two, eyes of blue.  
There is not much this girl can't do.  
Drama, awards, she's in all.  
Off to teachers college in the fall.

**JERRY SANDERS**

What he got right, he guessed.  
What he learned, he forgot.  
He never does anything,  
But always gets caught.

**DON SAWATZKY**

Some girls think he's quite the swain,  
While others think he's not quite sane.  
He'd move to an island and live in a hut,  
Before he'd even consider a hair cut.

**ANNE STRAND**

Anne and her smile are sure to do well,  
But how she loves that 3:30 bell.  
She very seldom causes contention,  
But spends quite some time in detention.

**ETHEL REDL**

Here we have our raving beauty.  
This one never shirks her duty.  
We all think she's really swell,  
With a personality like that, she'll do well.

**ELAINE PEDERSON**

Elaine's a new arrival here.  
To 4E she brought much cheer.  
Very seldom in a stew,  
A happy lift she'll give to you

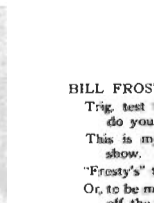

**MARY CHABUN**

Mary has a sparkling ring.  
Soon she'll leave the old maid class.  
We are sure that Ted will bring  
Happiness to this 4E lass.

**DORIS BYKOWSKY**

Chatter, chatter all the time,  
Boy oh boy has she a line!  
Every morning you will find  
This girl with something on her mind.

**BILL FROST**

Trig. test today? Well what do you know.  
This is my day to go to a show.  
"Fresty's" the terror of 4E,  
Or, to be more accurate, leave off the "E".

**GAIL CLEAL**

A refuge from "D" is she.  
We've tried to reform her—  
no luck you see.  
She's quiet? shy? and does not fuss.  
The best of all — from all of us.
