

Class 4D

PAT BYERS

This cute girl, always happy as a lark,
Is tops in curling, tops in marks.
Soon to go to Arts, Type .B,
She'll succeed at varsity.

WALTER CLARK

Among the ranks of 4D we find,
A real keen sport, the basketball kind.
A happy chap without a care,
Thinks of school as one mad tear.

BETTY BILLIARD

Here's a girl with a great big smile,
One will remember a long long, while,
She's not too sure what her goal will be,
But we're sure success she will see.

BETTY JOHNSON

Always ready with a quick reply,
Make it or break it, he'll do or die,
Teaching is his special aim,
Eventually it should bring him fame.

ELWOOD JONES

Quiet and steady,
Is ever ready,
His marks are high, his work sincere,
Success is assured for the coming year.

ROSEMARY BARON

A girl who is never late,
She has all assignments to date,
A nurse she'll be some day,
She'll keep both patients and doctors gay.

GEORGE TKACZYK

Across the river from Tech he moved,
Now with 4D he's in the groove,
In Type C Arts at Varsity,
A huge success he's sure to be.

MARILYN MCKENZIE

Happy, cheerful, full of fun,
Marilyn has personality by the tan,
Maybe a nurse she'll be,
Sitting on some doctor's knee.

JUNE ROBSON

Who is the girl who never seems blue?
Who has a smile whatever we do?
We're sure as a teacher she'll be a success,
For many fine qualities she does possess.

STAN EVANOFF

To this guy we link a bond,
In engineering he'll be found,
Though he's worth his weight in sterling,
His main interest is in curling.

MARGARET FISHER

Silent and sedate tho' she may be,
She's a credit to good ol' 4D,
Next year to varsity she will go,
Just what she will take she does not know.

DAVE COLLIE

Dave's a guy you ought to meet,
Always grinning he can't be beat,
A friendly lad with manner fine,
Engineering will be his line.

PHYLLIS ELDER

A new addition to our class,
Is this tall and friendly lass,
Always studious, happy and gay,
Good luck Phyllis along life's way.

YVONNE GILBERT

Yvonne Gilbert, clever and gay,
Does her homework in an efficient way,
Always right, thus never wrong,
This is her standard the year along.

LORNE RAE

Here's a lad that's very bright,
His work is always done right,
First to arts, Type 'B',
Then a politician we'll see.

GALE HARRISON

Like a Mauntie is our Gail,
At getting a man she never does fail,
Always gay and full of fun,
She's got problems on the run.
