

Class 4A

MISS BENNEE

To Miss Bennee we extend our heartfelt thanks. As well as teaching us Comp. and Lit., she has patiently guided us through the best years of our lives. Thanks, Miss Bennee, may your future be full of all the rewards you deserve.

JACK JOHNSON

Jack, being the possessor of an extraordinary talent as a clarinetist, hopes to study music and to make it his life's work. We'll be hearing much more of this fellow in years to come.

GLORIA SCADDAN

Happy and carefree, Gloria seems to always have an answer. Her happy personality will take her far as a teacher.

HAROLD PORTER

Harry seems to have the idea he wants to be a commercial artist. Must be those models! He also plays on the Basketball team.

BOB SUGARMAN

Representing A School deluxe, a real swell guy, member of the Nutana football and basketball teams, 'Sug' is rounding off four great years of high school. His personality and intelligence will make him one of 4A's successful-to-be.

DIANE CHELSOM

Diane's calling seems to be that of teaching. Her warm personality and smile makes everyone wish they could start school all over again just to have her as a teacher.

JIM ARMSTRONG

A part-time member of our clan, Jim's future is undecided, but his as yet unknown aim is sure to be eventually a success.

JUNE DUSHINSKI

One of the major reasons 4A is always laughing. Her bright and cheery comments would cheer up any class. Happy-go-lucky, she'll make some guy very happy.

JOYCE RAE

Although she's quiet she makes her presence felt. Joyce is a very popular member of our class. Her cheery manner marks her as 'Miss Success.'

ART RAE

The love of the outdoors has made Art choose to be a conservation officer. A truer or more dependable friend cannot be found.

DOROTHY LALIBERTE

Our prize French student. Dorothy makes us wonder how she does it. In Arts and Science she will be a huge success, we know.

BOB MITCHELL

Another one of 4A's witty members. Always smiling and gay; the College of Commerce is his goal. Good luck, Mitch!

DAVE YOUNG

One of the nicest persons you could ever hope to meet. Dave has chosen medicine as his career. The world will benefit greatly from this young man.

MAXINE MARTINSON

One of the newer members of our class. Maxine lets us know she's there, however. Whatever career she picks, she's bound to win fame and fortune.

ED SKENE

It's Ed's ambition to be the best engineer ever. Ed's quiet way of making friends and keeping them, as well as his quick wit has us all convinced that he'll be just that.

DIANE DALGLEISH

From Washington, D.C., she came to brighten our class with her cheery remarks. To Diane we extend our best wishes for success in varsity.
