RETSINA
has been a competitor in interform sports since Grade Nine. His outside interests are many: fishing, boating, money, girls, Corvettes, convertibles, hot rods, and rock-a-billy music. Yes, rock-a-billy music. His ambition after graduation is to make money quick and easy. We figure that he'll do a long and fruitless search to find a way to make money quick and easy and finally, if he is successful, he'll resort to a counterfeiting machine!

His outside interests include A.Z.A. and the Fish and Game League of which he is active in shooting. After graduation he plans to take type "B" Arts at the U. of S. Our guess is he will soon be the world's largest (and laziest) shoe tycoon.

LOHMAN
Lohman was an ardent participator in interform sports and Sr. football of which he has been a member for three years. His main outside interest is air cadets. He plans to attend university after graduation. Can you imagine Guy arriving for school later than 8:10?

His outside interests are A.Z.A., and accounting. Although he plans on entering medicine we figure that he will spend most of his time measuring the accuracy of Andy's precision-made incisions.
