

**LINDA MCFADYEN**

For the past three years Linda has been the exchange editor for the N.C. Eye, worked for drama, sung in Pauline, participated in interform sports, and curled. Outside interests include modern dancing, candy-stripers, and AYP.A. She wants either to go into social work or teaching, but after her three years, she'll probably be the foreign correspondent on a paper in Europe.

**HELEN MORRIS**

Helen is our esteemed school leader and Pep Club president. For her four years, she has put her hand in interform's sports, curling, track and field, drama, N.C. Eye, and this year's Hermes advertising committee. Outside interests include Hi-Y, Hi-C, and riding. It is her wish to teach after graduating, but her destiny as we see it is advertising manager for the Hilltops.

**GAIL PARSONS**

Gail has played interform sports, curling, and participated in track and field. She has worked on the N.C. Eye and as a library assistant. Her outside interests include Hi-Y and judo. Gail wants to attend the College of Education, but we predict her destiny will be James Bond's female counterpart, judo and all.

**ELAINE PHILLIPS**

During her four years here, Elaine has contributed much to the school. In grade 9 she was athletic rep. and worked in drama. She has played interform sports, except in grade 10 when she was on the Sr. basketball team. Leader Corps, Hi-Y, Hi-C, and CGIT have been her outside interests for the past four years. Cheerleading, for the second year, takes up much of her time. It is Elaine's desire to be a physical education or French teacher. Can you imagine Elaine talking to anyone without craning her neck?

**DENNY REID**

Dennis played soccer, junior football, and interform basketball, and participated in track. He is interested in hockey, baseball and the Saskatoon Boys' Pipe Band. Next year he wants to take type "C" Arts at the U. of S.

**TONY SCISSONS**

Tony came to us from St. Paul's in grade 10. He played Sr. football, Sr. basketball, and was in the Pep Club in grade 11, the Hermes rep. in grade 12, and in the boys' chorus. He plans to attend the U. of S. next year.

**DAVE SEXSMITH**

Dave was on the school badminton team as well as playing interform basketball and participating in track. His interests are badminton and homework (?). Next year he plans on attending the U. of S.

**ELAINE TUCK**

Elaine has been active in interform sports, curling and track and field for the past four years. She is occupied now with Hermes, N.C. Eye typing, and in grade 10 it was with drama and Pauline. Hi-Y demands much of her time. Elaine wants to be a Lab. Tech., but we think she will likely be a typist at the UN.

**KATHY WADE**

Kathy played Sr. volleyball in grades 10, 11, and 12, Sr. basketball in grades 10 and 11, and interform sports. She was secretary-manager in grade 10, and is secretary-treasurer of the Lit. Council this year. In grades 10 and 9 she was on the honour roll and also won academic crests those years. She was athletic rep. in grade 10, typed for Hermes in grade 11, and is Hermes and Pep rep. this year. Her outside interests include riding, grades 9, 10, and 11, and working at the Star-Phoenix. Kathy wants to go into journalism after she goes to university. She is probably destined to control the comic page of the "Star."

**JOAN WALKER**

Interform sports, curling, and track have been some of the activities of which Joan was a part in high school. She has also had her name on the honour roll. This young lass is a member of the Saskatoon Riding Club, and although it is her wish to go into law, we predict that she will become the Lone Ranger's female counterpart on TV.

**JUDY WILSON**

Judy comes to Nutana this year, from City Park. She belongs to Hi-Y. Her ambition is the University of Saskatchewan, and we think she will probably major history — right, Judy?

**ROSS WILSON**

Ross is our school leader and played Sr. basketball, Jr. football, soccer and curling. He is interested in golf, baseball and Hi-C. He plans to take law or commerce at U. of S.
